To reduce bank charges it is recommended that you:

- i) Try and consolidate your transfers, as small individual transfers cost proportionately more than large single ones. However it is essential that you indicate clearly the payment you are making.
 - ii) Use electronic transfers, which are 25-30% cheaper than hard copy transfers.
 - iii) Avoid urgent transfers, issuing bank /swift cheques or asking for a fax confirmation
 - iv) Cheques incur considerable charges which need to be recovered, please ensure that the amount you transfer is the amount that should arrive in the RAD bank account i.e. that all charges are covered.
- Example of charges:

	Cheques up to 125 €	10€
125€ - 2500 €	15€	
2,500.01€ - 12,500 €	30€
